### **Space & Naval Warfare Systems Center Awards Contract**

SAN DIEGO -- Mission Research Corporation of Santa Barbara, Calif., is being awarded a \$5,498,428 cost plus fixed fee contract for development, test, and fabrication of a ground-based and an airborne laser sound sensor for the Micro Unattended Ground Sensor program. This contract contains one option, which, if exercised, will bring the total cumulative value of the contract to \$16,011,657. Work will be performed in Torrance, Calif. The period of performance is from October 1, 1998 to November 30, 2002. Contract funds will not expire at the end of the current fiscal year. This contract was competitively procured through Broad Area Announcement (BAA) 98-18 issued by the Defense Advanced Research Projects Agency, with 31 offers received and six contracts awarded under this BAA to date. Space and Naval Warfare Systems Center San Diego is the contracting activity (N66001-98-C-8519).

For more information contact:
